Famjet® Mobiles Series

**Portable, ultra-compact, wireless
and lightweight ink-jet printer,
don't require any conveyor!**

DK Mini
Mobile
(encoder with 4 wheels))

On the basis of our experiences in the production of Thermal Ink Jet printers, we are glad to announce the introduction of the new FAMJET MAXI Mobiles, innovative portable wireless printing devices able to print on a large range of porous and non porous surfaces, multiline messages in a printing area up to up to 25,4 mm.

DK Mini
Mobile
(encoder with 2 wheels)

The powerful software enables to edit and print messages containing text, date, time, 1-D and 2-D barcodes, numbers and logos. Portable, wireless (battery powered), ultra-compact and less than 1 kg. heavy, both the new FAMJET MAXI Mobile printers are based on the thermal ink jet technology and equipped with disposable cartridges containing water or solvent base inks. FAMJET MAXI Mobiles are the perfect replacement for stencils, stamps, roller coders and other obsolete contact printing systems.
